

MINI-ODEC Miniature Outdoor Ellipsoidal

39, 70, or 150 WATT CDM/CMH

The Altman MINI-ODEC is the first fully functional miniature outdoor ellipsoidal with zoom focus, framing shutters, glass / steel pattern projection capabilities, internal / external mounting options for color media and louver.

The removable lid allows for maximum accessibility during installation, for lamp changes and lens adjustments. Two stainless steel safety cables hold the lid securely when the fixture is opened.

The lid is secured to the body with four side-mounted link-lock latches that provide a water tight seal. Padlocks of appropriate size can be added for security. The proprietary highly polished reflector is engineered for use with T6 G12 CDM/CMH lamps for maximum output. The lens focus adjustment is via Teflon guides throughout the focus range. Focus is secured by way of brass thumb screws.

The MINI-ODEC comes complete with pattern holder and internal color media holder. Optional accessories available (sold separately) are heavy-duty wall mount and pole mount adapter (for the heavy-duty wall mount).

Product Features:

- 22 to 48 degree zoom capabilities
- Low-friction Teflon® lens glides
- Utilizes 12,000 hour CDM lamps with high CRI (up to 96 - lamp dependent)
- Low Noise, high efficiency electronic ballast
- Easily adjustable stainless steel shutters
- Included pattern holder accepts glass or steel templates
- Lamp centering and peak / flat field adjustment knobs
- Compact, rugged welded aluminum & stainless steel fabrication
- Link-lock latches for security
- Designed for indoor and outdoor applications
- Mounting holes located on bottom of luminaire
- Secured safety loop in fixture body
- cETLus listed for wet locations
- Made in the USA

Specifications

Materials:	Construction employs all corrosion-resistant materials and hardware.
Head:	Welded aluminum fabrication.
Input Rating:	100-277VAC (autoranging), 50/60Hz
Wattage:	39W (with 39W lamp / ballast); 70W (with 70W lamp / ballast); 150W (with 150W lamp / ballast).
Lamp/Socket:	70W or 150W UV Block G12 Ceramic Metal Halide lamp. 5kV pulse rated.
Alignment:	Lamp adjustment is fully adjustable in 3 axis with the use of two heat resistant knobs.
Lens:	Crown Glass (white plate) with anti-reflector coated surfaces.
Reflector:	Proprietary curve, specular aluminum.
Focusing:	Lens movement contained within body, adjustable with brass thumb screws.
Accessories:	Internal accessory slot(s) accept color filters or glass filters - 4" diameter. Pattern holder accepts glass and steel patterns - 2" outside diameter / 1.5" custom image area. Accessories are installed with locking external slot.
Weight:	Approx. 15 lbs. (6.8 kg)
Construction:	1/8" heavy-gauge aluminum construction (body and lid).
Window:	Glass, 0.25-inch (6.35 mm) thick.
Environment:	Indoor/Outdoor; -10° to 120°F (-23° to 49°C).
Latches:	Link-lock No. 3, stainless steel; can be secured with padlocks (not supplied, by others).
Mounting:	Per specification.
Finish:	Black or White. Custom colors - consult factory.

Ordering Information

MINI-ODEC-(Wattage)-(Body Color)

Wattages:	39 Watts (39) or 70 Watts (70) or 150 Watts (150)
