SPECTRA CYC 200
200 Watt LED CYC
SSCYC200

The Spectra Cyc 200 is a 200 Watt cyclorama/wall wash luminaire utilizing high output LED emitters. Designed for theatrical and architectural applications, the Spectra Cyc 200 blends color via a patented LED lens and reflector combination which reduces pixelization from direct view.

Designed for use on 6 to 8-foot centers, individual units can be linked side by side for greater saturation of light. The Spectra Cyc 200 is compatible with DMX / RDM protocols, and comes with a library of preprogrammed single colors and various color mixes. Units can be utilized for both floor and sky-cyc applications.
