Discontinued May 2019

Fixure Type: 

The Altman IQ56 is a compact, specification-grade architectural lighting fixture designed for use with 300- to 500-watt PAR56 mogul-end prong lamps. This attractive luminaire is a very efficient means of illuminating and highlighting areas or objects with narrow, medium or wide beam spreads. The IQ56 features tool-free lockable beam rotation, along with all of the admirable features of IQseries fixtures, such as an internal accessory holder for up to three accessories, superior ventilation, and a dual swivel positioning system with degree markings.

Specifications subject to change without notice.
