

SS-UV10

WASH LIGHTING

SS-UV10

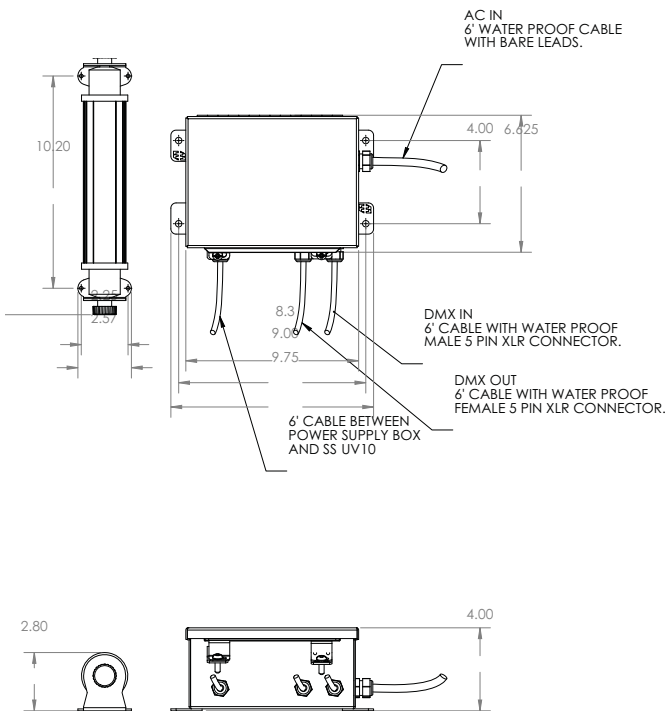

The Spectra UV10 is a 10 Watt UV luminaire utilizing high performance, long life UV-A emitters. The Spectra UV10 is designed with three LED cells on a single DMX channel for intensity control. The LED cell can be attached and focused and the yoke allows for vertical or horizontal alignment.

An on board multi-voltage power supply allows for direct power and data connection as well as feed through capabilities. The Spectra UV10 is compatible with both DMX and RDM protocols and comes complete with a library of pre-programmed fades and strobos as well as manual intensity control. Shows and addressing are accessed via the push button display

10 WATT SS-UV-10 Features

- High performance, long life UV-A emitters
- Less visible light than traditional blacklights using 365nm UV-A LEDs
- Interchangeable yoke position for vertical or horizontal alignment of the LED cells
- Feed through power and data capabilities
- Selectable 8 and 16 bit personalities
- On-board multi-voltage power supply 100-240VAC 50/60Hz.
- DMX and RDM compatible
- Push button programming
- 6 lbs.
- ETL & cETL listed
- Made in the USA
